WMO NIC - Work Plan in COVID-19

In this unprecedented situation of Countrywide lockdown and various states governments' restriction, it is challenging job for WMO NIC Team to help & reach out to needy people. And, therefore, before implementation of ration-distribution work, World Memon Organization North India Chapter had made a working plan for smooth execution of ration-kits distribution work in lockdown.

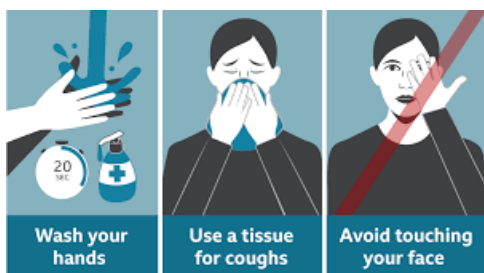

WMO NIC - Fight Against COVID-19 Pandemic

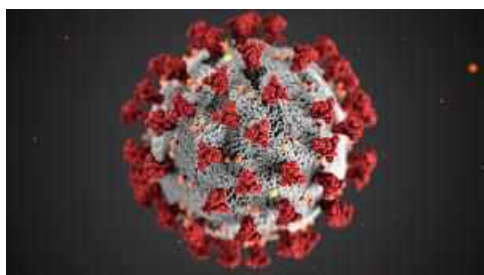

The outbreak of COVID-19, a novel corona virus identified in late 2019, was declared a public health emergency of international concern by WHO on 30 January. Corona viruses are a large family of viruses that cause illness ranging from the common cold to more severe respiratory diseases.

Corona virus knows no borders. It is a global pandemic and our shared humanity demands a global response. This outbreak is a global challenge that does not discriminate and can affect anyone including downtrodden families, daily wages workers, widows & helpless & displaced people and which can only be addressed through international solidarity and cooperation.

The impact of this large-scale outbreak on poor families, children & aged people, especially those living in vulnerable circumstances, can be immense. As all know very well that Health system across the world are being overwhelmed and Economies are sliding towards depression. Failure to contain the virus will tear apart the lives of millions of families across the world. With the pandemic now spreading into some of the world's developing countries like India, there is a real danger that the world will see a reversal of the gains made over the last 20 years and destruction of the rights of humanity. The virus is already having devastating consequences for common men, children, women, senior citizen & lower income group families and their rights. And, therefore, we must come together. Only a global response will stop the spread of the virus everywhere.

The 40+ days nationwide lockdown to control the spread of corona virus in India has affected the livelihood of thousands of families. While slum dwellers and daily wage workers are struggling to earn their daily bread, migrant labourers have also been left without work, with some having walked back to their hometowns. In this unprecedented situation, due to all factories, small & medium businesses, works are shut-down due to lockdown, low-income group families & daily wages workers not having foods for their survival and it is badly affected all. With the aim of fight against COVID-19 Corona Virus Pandemic, WMO NIC have launched various programme which are as follows :

- RATION-KITS DISTRIBUTION WORK
- COVID-19 AWARENESS PROGRAMME
- MEDICAL HELP TO HOSPITAL
- FINANCIAL HELP TO NEEDIER
- FINANCIAL SUPPORT TO AFFECTED FAMILIES

WMO NIC Team has responded with great urgency in this unprecedented time of outbreak of COVID-19 pandemic through conducting social welfare activities, and delivering essentials items to people in the affected areas through our widely-spread RMC Members, City Chairmen network & youth wings volunteers.

With the challenges in Lockdown, and various restrictions of Government and Law Enforcement Agencies, it was impossible to help needy people and reach out them, without making any systematic plan. And, with the encouragement of RMC members and City Chairmen of various cities, WMO NIC have shown amazing team work & have successfully completed **Ration-Distribution Work in various cities & Kashmir region in India.**

SERVING MANKIND

RATION-KITS DISTRIBUTION PROGRAMME

The World Memon Organization North India Chapter has delivered over Forty Thousand (40,000) food package/bags to less fortunate needier families across Central and Western India. #StayHomeSaveLives

When I was tired, I always came home
When I was unwell, I always stayed home

When there was a storm outside, my home gave me refuge
When I was torn inside, my home was my refuge

When I was a child, home was where my parents were
When I am a parent, home is where my loved ones are.

My fortress of solitude, thy name is home
My album of memories, thy name is home

Home is where the heart is
Stay Home, Save Lives

A PUBLIC SERVICE MESSAGE FROM THE WORLD MEMON ORGANISATION

THANKS FOR YOUR SUPPORT

Dear All,

On behalf of World Memon Organization North India Chapter Team, I would like to thank you all of WMO Global Team, Philanthropist of Community, Donors & Corporate, RMC Members, City Chairmen, Youth Wing volunteers for their financial and moral support to entire team during COVID-19 Pandemic. Without your support, it is impossible to help needy people in Community & pray to Almighty ALLAH to help us unite in HIS cause to serve humanity better in future.

We are sincerely thankful to almighty ALLAH SubhanahuWaTa'ala that HE has chosen us to do the Noble Job in this unprecedented situation by way of food-distribution & other way of help supports and by HIS blessings only we shall be able to prove our humanity as Developed and Prosperous. May almighty guide all of us in our true endeavors and accepts our good deeds. Aameen!

Yours sincerely,

Ehsan Haji Amin Gadawala
