**A Thank You Note from India**

Mr. Salman Iqbal sent out a loud and clear message to India, **“You are not alone. We stand united in this moment of crisis.”** His words reflect the deep bond of humanity shared between both countries that helps overcome all adversities.

In the past 6 months, Mr. Iqbal has worked in close liaison with other esteemed philanthropists from various trusts and organizations including the **Rotary Club**, **Saylani Welfare Trust** and the **Pakistan Business Council** to create an effective global coalition to combat poverty in all corners of the World.

**Mr. Salman Iqbal Meets Founder of Saylani Welfare International Trust**

Salman Iqbal has also attended and organised umpteen events, luncheons and dinner receptions to promote the World Memon Organisation. He has launched several thoughtful initiatives including the popular **Inspire Card** which as the name suggests, inspires the **Spirit of Giving**. His ARY media conglomerate has given widespread publicity to WMO, putting the spotlight firmly on the organization thus increasing its global footprint exponentially. Salman has reached out to all members of WMO, appointed regional **Advisors** to cater to every chapter and created a wonderful familial atmosphere within the organization, thereby unleashing its vast potential.

**A Card that Inspires the Spirit of Giving**

Over the last 6 months, WMO has gone from strength to strength with many distinguished Memon philanthropists returning to the fold, culminating into a windfall in Lillah and Zakat donations.

**Salman has the unique ability to raise funds from all quarters as he personally donates a considerable sum upfront to initiate the collection drive. Put it down to popularity, charisma or achieving spectacular success at a very young age, the dapper media baron has a sizeable following who believe in him and will unflinching support any cause endorsed by him. I guess that sums up the very definition of leadership.**

**Salman Iqbal has been the perfect epitome of leadership. We expected nothing less from the new WMO President. But as usual he has surpassed all expectations.**
