

# **Afghani and Refugee Crisis Appeal in the UK**

**WMO**

October 2021

Following on from the recent migration of Afghans arriving into the UK, the WMO Europe Chapter has been actively working alongside local community and government groups to ensure the people entering the UK receive the vital support they need to rebuild their lives.

On 8th October 2021, representatives working under the WMO attended a local hotel where a number of families - 400 people in total were residing temporarily, waiting to be placed into more permanent housing.

The WMO were there to assist - The aim - to further find out the current needs of these people and how we could play a role in helping them through this transition process.

**Working alongside the Afghan Association of London**

Prior to our visit, we had already communicated with the Afghan Association with whom we were in discussions, to identify what the immediate requirements for people who had arrived in the UK were. We had been informed there was an overwhelming need for new shoes for both men and women.

In response to this, we purchased and distributed 425 pairs of shoes in total on behalf of the WMO, of which 270 pairs were given out on the afternoon of 8th October 2021.

The Afghan Association  
expressing their thanks to  
the WMO for their  
involvement and valuable  
contribution.

**Taking time to engage and speak with families affected, and further understanding first hand how we can assist.**

**Four of the ladies pictured above are all sisters waiting to be housed.**

A word of thanks  
from The Royal  
Borough of  
Kensington and  
Chelsea who we are  
working with:

**There was such a demand for the shoes,  
more boxes were arranged to be delivered  
again the following evening.**

**We will continue to keep you updated of the work that we do on this Appeal.  
Thank you.**
