REPORT 2021

Why ecoron?

Decrease Carbon Footprint
by 25,000 tons/year

Reduce Landfills across
the country

Lower dependence
on fossil fuels

Increase Bio Diversity

Ecoron is closing the Loop by minimizing
waste in the community

Our yarn is made from 100% Post Consumer
recycled PET bottles

We are recycling 14 Million plastic bottles
every month

The quality of Ecoron is comparable to
virgin yarn

5 Bottles

1 T-Shirt

1

Plastic Bottles are collected from
landfills and other sources

2

They are sorted, washed and
processed into bottle flakes

3

The flakes are melted and
spun into EcoRon Polyester
Filament Yarn

4

EcoRon Yarn can be used
to make products such as
apparel and Home Textiles

REVIEW BY THE Regional President

2021

Human beings have been given the exalted position of Ashraful Makhlooqat by Allah Subhanahu wa ta'ala who has also blessed human beings with feelings of sympathy and understanding for sufferings and deprivation of fellow human beings. In this respect humans are unique from other living beings. These feelings inside us urge us to contribute, offer and help, to do what we can to ameliorate the deprivations in the lives of our fellow-beings. It was this innate feeling that impelled me to join WMO in its formative years together with my mentor and idol Haji Abdul Razzak Yakoob ARY and since then I have been working to achieve his mission and that of the other founding fathers. It is undoubtedly an honour for me to serve this prestigious organization once more after a gap of 3 years as the Regional President. I am committed to give my best effort to accomplish these objectives which are not new to me, having served as the Secretary General and Regional VP in previous years also.

H.M Shahzad

2020 was the year of the pandemic and the sole activity was that of survival. Alhamdulillah, we were able to keep doing our work in whatever small way possible for the community. The year 2021 was however the year of rehabilitation, renewal and fight back and with the Grace of Allah we were supported in our endeavors as always by our donors who helped us get back up on our feet.

Given below is a brief description of the activities carried out by the WMO-PC in the year 2021. The details are given by the respective Chairmen of our various committees who carried out their work with zeal and commitment:

- WMO Pakistan did Fee Sabeel lillah Collective Qurbani in different cities of Sindh and Baluchistan including Karachi, Hyderabad, Tando Allah Yar, Nawabshah, Sukrand, Sukkur, Thatta, and Hub Chowki. Almost 100 cows were sacrificed as Qurbani and the meat was distributed in all the under privileged areas of Sindh.
- One of the core projects of WMO PC is Education in which donations are distributed in a specific way to the students pursuing Higher Education. On the other hand, "The Education For All" program supports families in providing primary and secondary education to their children. Besides, Vocational Education is also available for the Students. We have increased our budget for education considerably where higher education is provided to all those applying and the spectrum of "Education for all" is also enhanced from 6500 in 2021 to 10,000 in 2022. Special measures have been taken to implement the educational policies which will definitely be an aid to the students.
- Under the leadership of Mr. Salman Iqbal and Mr. Mahmood Shaikhani WMO launched their enormous project of Food Bank to provide food for the needy persons which was also simultaneously run in all the other chapters of WMO. Alhumdulillah WMO Pakistan Chapter has managed to extend the Food Bank Program in the areas

2000

of Malir, Rehri Goth, Liaquatabad, Jinnah Hospital, etc. and we plan to extend it to more far flung areas. So far we have been distributing 1000 meals daily.

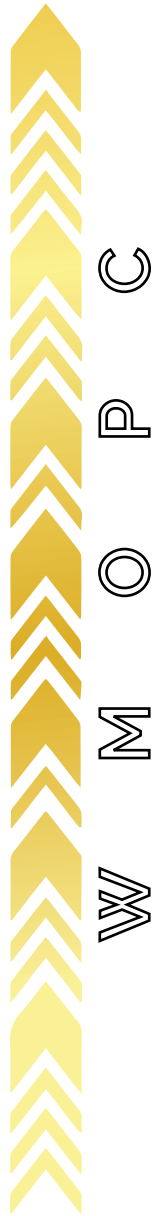

- WMO has been supporting the needy families in terms of their monthly ration since a few years and with all the misfortune due to 2 Years of Covid, it was nearly impossible for many families to run their households. WMO has raised the amount in order to facilitate those families. Along with this they have also increased their budget of the Rentals provided to the Indigent families.

- Like last year, WMO PC under the Umbrella of Gift of Sight Program continued its partnership with famous Eye Hospitals of Karachi for the transplant of Cornea to the needy patients. Since the whole procedure of cornea transplant is very crucial and sensitive, WMO has taken all necessary steps for the fulfilment of the whole procedure starting from the shipping process of Cornea at the Airport to successfully transplanting it and the follow up of the patients.

- The WMO Rehabilitation Scheme has been working since 2004 when it started its activities and received more than 7000 applications. The large number of applications was in itself confirmation of the fact that there was a large scope of working to resolve the housing issues faced by the Memon Community in Pakistan. After long consultation and deliberations, WMO began giving flats on possession basis to the destitute families after investigating their bonafide requirements. As of the Year 2021, total number of flats provided on ownership basis were almost 910, files returned till the year 2021 were almost 451 and remaining files will be completed in 2022. We fell behind our target due to COVID-19, but we hope our target will be achieved in the coming year Insha'Allah.

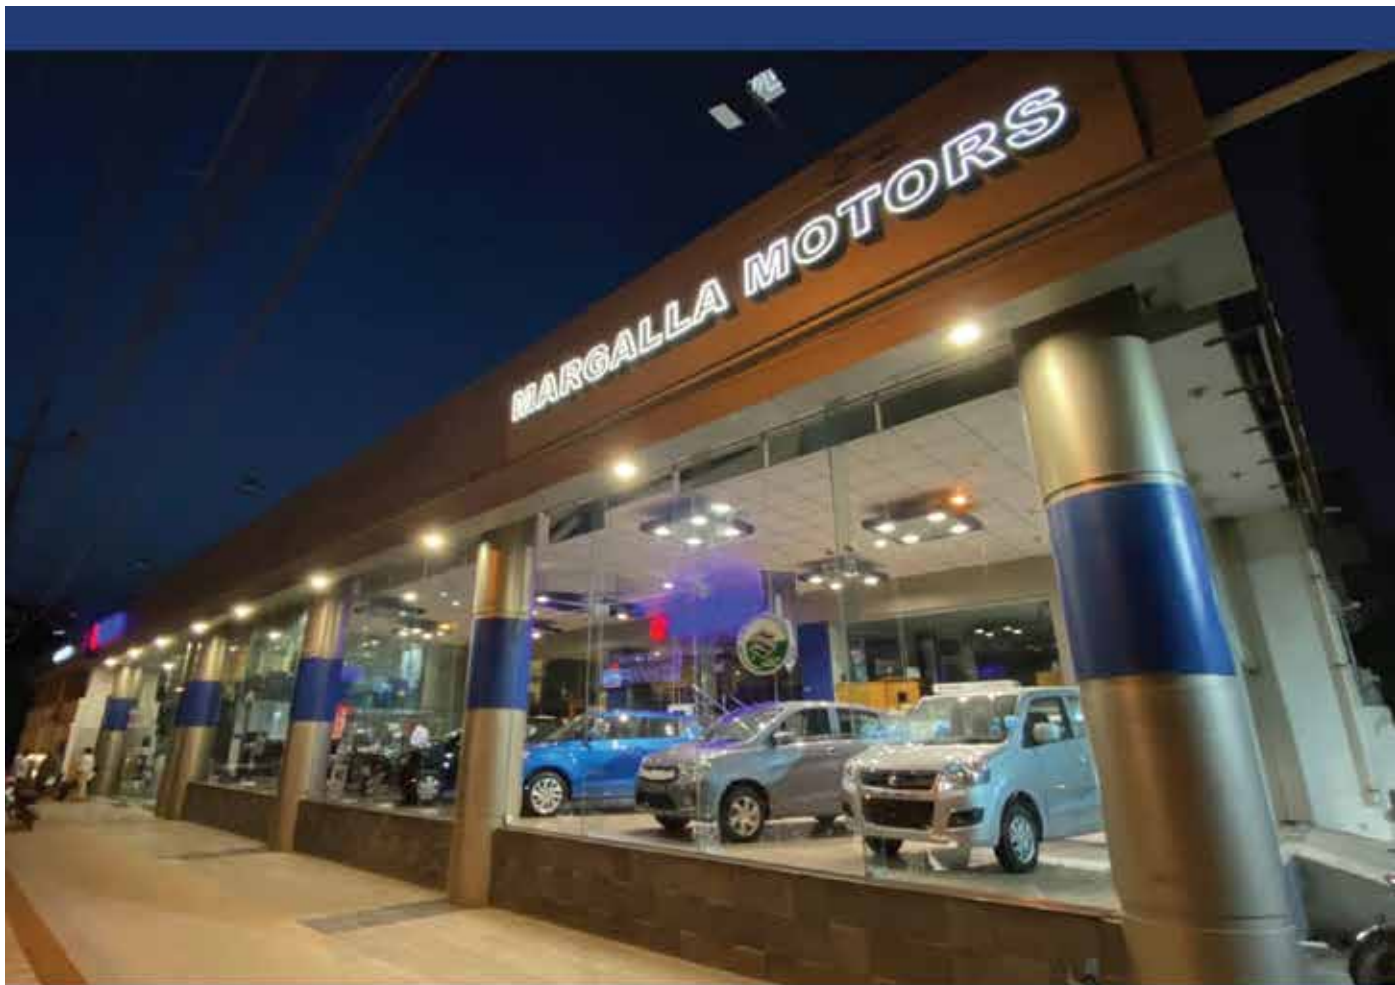

- Memon Industrial & Technical Institute has been doing wonders since many years and we make sure every day and night that it reaches greater heights. As the lockdowns ended, MITI also resumed normal working and we were able to enroll almost 8000 students in the year. Last year MITI also completed the project of "Ray of Hope" which was supported by the TVET Sector Support Program funded by European Union and at its completion, a mega Job Fair was arranged where different activities took place under one roof and many students were given chances to meet their future employers. Besides that, we continuously strive to introduce new courses and programs for the students to benefit from and different collaborations are taking place with funding bodies and Industries to facilitate our students.

2021

2000

It is my prayers and hope that Allah swt may bless us with the strength and acumen to implement our vision within the shortest time possible. We owe it to our people to supply to them what we can. In the identical spirit, I request all our well-wishers to assist and inspire us in our cause. We pray to Allah to present us the power and functionality to complete the responsibilities that we have set for ourselves.

ABOUT THIS REPORT BY THE Regional Secretary

To achieve the important- demanded metamorphosis to sustainable societies, we need people who understand that they need to take charge and initiate change. We need to harness the same energy and solidarity with which people have traditionally come together to make a difference in support of causes dear to them in the service of humankind.

Altaf Habib Jangda

WMO Pakistan Chapter has been working day and night to produce new opportunities and avenues to the marginalized families of our society, so as to enable them to live in peace with quality. From Education to Health and Housing, WMO exists to address the numerous causes that affect those around us. Also WMO Pakistan Chapter is devoted for the recuperation of our community furnishing, Literacy openings, Health Installations and better living norms along with disaster relief in the region and further.

We are grateful to the donors who helped us complete the task of Fi Sabeelillah Qurbani where we managed to sacrifice almost 100 Animals and distributed Meat in all the under privileged Areas of Sindh and Baluchistan. Without their utmost support this wouldn't have been possible.

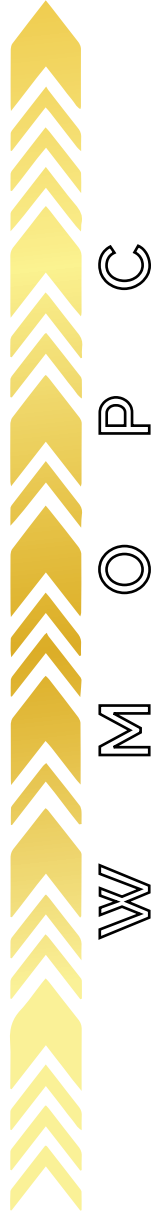

Since WMO's Most Important Objective is to raise an Educated and Sustainable Society, we make sure to take reforms every year in making Education accessible for All the Children of the Society. Food Bank is another great Initiative taken by the President of WMO to make Food Available in all parts of the World and WMO Pakistan Chapter is managing it very well. We have covered many areas of Sindh and we plan to extend it to many underlying parts of Pakistan.

WMO has been supporting the indigent families in terms of their yearly provision since some time and with all the mishaps left behind 2 Years of Covid it was nearly insolvable for numerous families to run their homes. WMO has raised the quantum in order to help those families. Along with this they've also increased their budget of then Rentals provided to those families. Started gift of sight project in 2018 and have given a ray of hope to more than 200 families.

Most of all, we need your voices, your support, and your ideas. Each of yours, collectively and inclusively, has an important part to play. So please, let the communication go out It's time for everyone to Commit, Encourage and Volunteer.

Thank you for your commitment and support.

ABOUT THIS REPORT BY THE Regional Treasurer

Mr Arsalan Arif Nara is the Youngest Treasurer of WMO. A Positive and visionary individual who has created a mark in Marketing assiduity and is a founding Director of Admighty and We Events. He has a finance background and inculcating all his Skills and Competencies he has revolutionized Motor Vehicle Industry in Pakistan. Recently he bagged the Award of Top Seller Dealership in South Region which shows his hard work and dedication in all the work that is imparted to him. Arsalan has been associated with the Social Working Fraternity since a decade and he is a very well-known Young All-rounder who has created a big impact on the Memon Youth and they look up to him for inspiration.

Arsalan Arif Nara

2021

His Vision for WMO is to boost educational and entrepreneurial openings for all the memons across the globe and enable them to work for themselves. Memon Community is scattered across the globe and numerous Employment and Educational Openings could be created for everyone, only by creating a platform that makes their connection accessible.

Alhumdulillah This Year WMO Pakistan did Fee Sabeel lillah Collaborative Qurbani in different metropolises of Sindh and Baluchistan including Karachi, Hyderabad. Meanwhile we have also taken special measures to Ensure Quality Education to the needy and bright students. Some new reforms have taken place and we hope them to be beneficial equally to the donors and WMO PC. Pakistan Chapter is also simultaneously working with all other Chapters to make Food Bank a Huge Success. Our President Salman Iqbal's Initiative is already prospering across the continents and Pakistan Chapter is making every possible effort to take Food Bank to every nook and corner of Pakistan. The Disastrous 2 Years of Covid have made it very difficult for the people to run their households, WMO PC is working on this course of Action and they are supporting the families in terms of monthly ration and their rentals. We have also increased our budget for this initiative and we are trying our best to support the indigent families.

We will be initiating our Rozgar scheme from non-zakat collections in which our donors and well-wishers are supporting us to the utmost and have committed to give their best support financially to support the white collars of our community.

Coming to our financial figures for the year 2021, our collection for WMO PC was around Rs. 201,779,567. This was majorly spent on Lower & higher education projects, the amount spent being Rs. 142,072,357. Another project which have a high spending is Mahana Madad, which is 24,380,000. As we all know WMO PC like all chapters started Food Bank in November which in this short period have spent Rs. 771,051. Hence WMO PC spent around Rs. 198,485,178 on various projects. Our office expenses around to Rs. 7,776,397.

I wish to work with everyone by inculcating collective objectives to produce a platform which is accessible by every memon across the globe and the operations by WMO become smoother with every fleeting time and that this platform is suitable to feed the requirements of our society fully. I am Thankful to All trustees, patrons, members and well-wishers of the association who have trusted me with this responsibility and I pray to Allah that I can fulfill my responsibility and contribute to the community as a whole.

REGIONAL ANNUAL GENERAL MEETING OF WMO PC

2021

W

M

O

P

C

The Regional Annual General Meeting (RAGM) WMO Pakistan Chapter was held on Friday 15th October 2021 at 7:00 pm at Rangoonwala Community Center, Dhoraji Karachi. The meeting was attended by 79 persons, including OBS, Trustees, Patrons, Life Members, Annual Members, Guests, Representative from Apex bodies and Institute Members and Jamats.

The Minutes of the Previous RAGM and Audited Accounts for the year ended 31st December 2020 were approved. The Appointment of Auditors for the year 2021 was also confirmed.

Like always the RAGM was also attended by many international delegates. With all being there and some active members who left us in the previous were remembered and Dua was offered for them.

This year several points were highlighted for betterment of education and discussion was made on how efforts can be made for improvement in this sector. Even talks were made on raising the budget of higher and lower education. Even newly introduced project, Food Bank, which is one of the dream project of Mr. Salman Iqbal was briefed to the members and was highly acknowledged by the audience.

Briefings were made regarding covid & post covid periods, how WMO managed to handle the people of the community. Projects of the newly formed GYW were also highlighted and even briefing related to MITI was given to the members. A fruitful meeting to discuss the problems of the community and how we can elevate the memon community together.

The Meeting was followed by Dinner.

REPORT OF WMO Telethon 2021

2021

The coveted titles Salman Iqbal possesses in his never-ending list of accomplishments include visionary, media mogul, business tycoon, and most influential Muslim. He has proven himself as the game changer time and again and it is no less than an honor for WMO to have him as the President. Salman Iqbal invests a significant amount of his time and money in several philanthropic initiatives. He serves as the Director at Khawaja Ghareeb Nawaz Trust. He is recognized for starting live telethon broadcasting and fundraising for humanitarian groups.

That is when the idea struck him to do live telethon for WMO in the prestigious month of Ramadan on the whole ARY Digital Network. The Telethon was televised in more than 150 countries for 3 to 4 hours. The President of Wmo Mr. Salman Iqbal himself was present at the Telethon and commenced the Telethon by Pledging in a prodigious amount from the Ary Family.

C

P

O

M

W

2000

The Telethon was carried out by the exquisite Wasim Badami, Iqrar ul Hassan and our very own Mr. Jawad Choksi who has been associated with WMO Global Youth Wing Pakistan Chapter since many years and has lead several flagship events of WMO Global Youth Wing Pakistan Chapter, Spark, Think Wise and Feminar. Distinguished guests from the Media fraternity, WMO and Pakistan National Assembly were present at the Telethon, Advisor to President WMO, Mr. Ashraf Machiyara, Regional President WMO Pakistan Chapter Mr. H.M. Shahzad, Regional Secretary WMO Pakistan Chapter Mr. Altaf Habib Jhangda, Regional Treasurer WMO Pakistan Chapter Mr. Arsalan Nara, Regional Treasurer of Middle East Chapter Altaf Muhammad, Secretary Board of Trustees Mr. Shoaib Ismail Mangroria, Ahmed Chinoy, Senator Mr. Faisal Wavda, Noman Ejaz and Vice President Middle East Chapter Mr. Ahmad Sheikhani. Pledges were made from all over the world for the telethon in the whole duration and even after the Telethon we continued to receive the pledges which amounted to 1.2 million USD. It was a team effort of the WMO Pakistan Chapter who left no stone unturned to make this Telethon promising. Mr. Jawad Choksi, Musab Vindhani and Arsalan Nara were in constant correspondence with the ARY Digital Team and assisted them with all the relevant elements needed for the Telethon. Special Thanks to Mr. Fayaz and Mr. Adeel from ARY who handed over incessant support throughout and made this Telethon remarkable.

Report of GIFT OF SIGHT

A Joint Project of WMO Far East Chapter and WMO Pakistan Chapter

2021

This project is a joint venture between WMO Far East Chapter and WMO Pakistan Chapter. The cornea is the transparent outermost layer of the eye with a dome-shaped surface and plays an important role in vision. In some patients, the cornea gets damaged and hinders clarity of vision.

Due to modern science, it is possible to replace the cornea via a transplant surgery to restore the vision of the patient to a greater percentage of clarity. Even one cornea can be replaced with 3 patients.

The Gift of Sight Project of WMO, which was launched in February 2018, aims to provide free of cost transplants of Cornea to deserving patients.

Currently, we are working with AL Ibrahim Eye Hospital, a state-of-the-art hospital having all facilities for eye care.

1. The Cornea is collected by the WMO Far East chapter from Sri Lanka Eye Donation Society, transported by air to Karachi, and all the costs from Collection to Karachi Airport bear by Far East Chapter.
2. After the cornea arrives at the Karachi Airport, the WMO Pakistan Chapter takes over and bears all expenses, including Clearing at the Airport, safe transportation to the hospital, and costs incurred on the patients for the diagnosis, transplant/surgery, and post-operative follow-up.
3. WMO has partnered with Hashmani's Eye Hospital, and Al Ebrahim Eye Hospital
4. The cost is increasing day by day, the approximate cost of this project on WMOPC comes to PKR 15 million, which is based on approximately 250 surgeries at the rate of PKR 60,000 per surgery.
5. Funding for this project is sufficient and there is no immediate need for funds. We are pleased to announce that the Gift of Sight Project is one of the most self-sufficient projects of WMOPC.
6. 260 cases have been treated as of 31st December 2021.
7. We have tried our best to give preference to patients belonging to the Memon Community but cornea transplant cases are not so common in the Memon Community, which is a good sign.
8. However, we have observed many cases of Retinal Detachment and Retina related surgeries in the community. The major cases are related to Cataracts, Alhamdulillah, we have now started cataract surgery and till the end of 2021 we handled 50 cases.

REPORT OF ELIMINATION OF THALASSEMIA FROM MEMON COMMUNITY

The objective:

1. to collect data of thalassemia major patients
2. To identify the thalassemia minor families.
3. Awareness sessions
4. Thalassemia minor screening
5. To work for the implementation of the ACT passed by the Government of Sindh in 2013.
6. To provide the best treatment to Thalassemia major patients.
7. To work on bone-marrow transplantation.
8. Blood collection camps for thalassemia major

Reyaz Ahmed
Chairman

2021

2000

WMO started the thalassemia project in 2019 but unfortunately, in 2020 and 2021 all activities were suspended due to COVID-19.

The bone marrow of thalassemia major is not able to make a normal amount of red blood cells. Alhamdulillah, we discussed this with the Managing Director of Gambit Hospital, Sindh, and 400 km away from Karachi. This hospital is providing all services for bone-marrow transplants. We offer them a filter clinic in Karachi and also asked for a quota. The cost of a bone-marrow transplant is about to Rs. 2.5 million.

REPORT OF EDUCATION FOR ALL COMMITTEE

WMO PC works by supporting schools, children and their families to raise achievements by promoting high level of Education. The service works through whole school approaches, and by providing early intervention and targeted support to pupils and families by extending their access to all levels of Education so that they may build their future by securing good jobs.

Musaab Mansoor
Chairman

It was witnessed that the Memon Jamats were providing monetary assistance for long to financially weak households for schooling. Due to their constrained resources, they could not satisfy the entire requirements of the needy families resulting in dropout of such college and School Students to a large extent. In order to curb this situation, "Education for All" Committee was formed in August 2008. The Committee started functioning by calling applications from the needy and deserving families who did not receive sufficient educational help for their children from any source.

For the improvement of the project goals, WMOPC has started a Jamat partnership scheme. Alhamdulillah almost all Jamaats willingly became partners of WMO PC and now we are jointly struggling for the benefit of the students. For further improvement of this relationship, WMO PC formed a Jamaat Coordination Committee which is doing a commendable job.

After taking all Jamaats on board, the Number of Students have been almost doubled. The Number of students have increased from 3500 to 6175. With this increase we have also started working on our budget and we plan to increase the amount from 24,000 to 30,000 per Annum for Every School Going Child and for Every College Student we plan to increase the amount from 48,000 to 60,000 Per Annum. To maintain Transparency between the Donors and the Committee, we have started working on developing a software to make it a Paperless Procedure. The Pilot Testing is in the pipeline and we hope to launch the Software within a few months this will help us to compile and maintain the data of the students, donations, schools on one Platform and the parents work will also become hassle free since they won't have to fill forms every now and then.

We have also taken measures to decrease the number of schools on board and provide quality Education. To fulfil the purpose, we are working on Cambridge System Education to be provided to the children.

Educated Community is a golden dream of WMO and we undertake all measures necessary to make our community an aspiring one.

2021

2000

REPORT OF HIGHER EDUCATION COMMITTEE

Higher education is the key to success & Gateway of financial transformation of families.

2021

Early 2004, the Higher Education Support Program is running smoothly and till the end of 2021, WMO helped more than 1700 students to get higher and professional education. The students who have passed out are now well-placed in their careers. The quality of life and financial status of the students has improved drastically with the positive impact being felt by the whole family.

Altaf Vayani
Chairman

Current year 133 students have been provided financial assistance from WMOPC for Higher Education to various universities and for different courses such as CA, ACCA, ICMA, MBA, BBA, B.com, BSC, D-Pharm, M.Com, MBBS etc etc.

The cost of education is very high and increasing day by day. It is necessary to increase the fund, at present, WMOPC is contributing Rs.100,000 per student per annum. On request of the community, office bearers of WMOPC increased the fund from 100,000 to 150,000 but it's still not enough as the average monthly fee is Rs.25,000 per month which is equaling Rs.300,000 per annum. We recommend increasing this fund up to Rs. 300,000. The other costs like conveyance, books are not included in this amount.

CHANGING LIVES

Views from Students about WMO Pakistan Chapter

Aiman:

By the grace of Almighty Allah I completed my bachelors degree form IQRA UNIVERSITY in BUSINESS ADMINISTRATION. After my intermediate it was really tough for me to get higher education due to financial instability but in those hard times WMO became a ray of hope for me and family. WMO supported me in my higher education and because of their immense support I was able to complete my bachelors, now I am working a senior officer in Meezan Bank and able to support my family.

I thank WMO for supporting me in my toughest times and for making me able to pursue my dreams. I specially thank SIR ALTAF VAYANI for his continuous support throughout my academic journey. "MAY ALLAH REWARD & HIGHEST SUCCESS TO THIS ORGANIZATION" ameen.

FAHIMA:

I am student of Ziauddin University north campus. Being a doctor was my only dream but my family was not financially stable, that was the time when my dream of pursuing a higher education seemed impossible, but WMO provide us opportunity to continue my studies and inspire me more in my education. I deeply appreciate the support which WMO provide me. This motivation help me tremendously and kept me going. I am very thankful to all team members working in WMO for their help and support .I am proud to be a memon and also the part of this organisation.

2000

FARIHA:

I am Fariha from Federal Urdu University - I belong to the middle class family, due to financial challenges I was unable to continue my studies then I received scholarship from World Memon Organization so that I can continue my education. I am very thankful to World - Memon Organization team for their help and support. Now i can follow my dream. Thank you again for your very important financial assistance.

MOIZ:

I have done my bachelor in business administration from IQRA university back in fall 2021. After 2 months of my graduation, I got the job as an accountant assistant. When the first pandemic came, My father lost his job and And that time WMO helped me alot in completing my graduation, the way they treated the students is very friendly especially by chairman. I am very thankful to WMO and all team members for their support and helping me for achieving my goals. I am very proud to be a memon and part of this Organization.

May ALLAH bless you all

SANOBER:

I'm a student of WMO. Alhumdulillah I have completed MBA from Iqra University. (2022) I'm truly grateful for the support WMO provided me. It was a dream of me to achieve this degree. I'm gold medalist in bachelors (BS) from Benazir Bhutto shaheed university(2018). From college to post graduate WMO helped me and my siblings achieve higher education without any hurdle. It was possible all thanks to WMO cooperative team and its financial support. I'm grateful for this organization that helps students to achieve education and become financially independent.

SIDRA:

I have completed my MBA degree from Iqra University, it was very hard for me to study MBA from a reputable university because of high tuition fees, but in that hard time WMO and its honourable members supported me with providing 100% fees on time and with full cooperation. I'm very thankful to each member of this amazing organization which makes student's dreams come true by supporting them financially and motivate them to do more. Alhamdulillah!!

2021

2000

REPORT OF REHABILITATION COMMITTEE

Estimated population of memons living in Karachi is 1.5 million, whereas 150,000 memons are living in Sukkur, Hyderabad and other cities.

2021

Social norms have completely and whereas parents like to live with large families but the new generation prefers to live as a separate family. Due to this reason the demand of individual small flats are increasing. But the cost of small flat is much higher because the cost of plot and construction have increased 6 to 10 times.

Since 2004, after long deliberation and discussion with the Ulmas, WMO started providing flats on ownership basis to the needy families after scrutinizing the applications.

Abdul Rashid Godil
Chairman

WMO Rehabilitation Committee has processed following applications since 2004:

APPLICATION RECEIVED IN 2004

Total applications received in 2004	7225
Unprocessed applications	3947
Applications scrutinized till 2020	3278

APPROVED APPLICATION FOR REHABILITATION

Applications Scrutinized	3278
Applications rejected after scrutiny	1924
Total applications approved for accommodations	1354

FUND REQUIRED FOR APPROVED APPLICATION

Total applications approved for accommodation	1354
Flats provided on Ownership	910
Flats provided Rent	43
Flats Converted from Goodwill (Pugri) to Ownership	300
Waiting for Funding	101

HANDING OVER OF PROPERTY FILES TO THE APPLICANTS:

WMO Rehabilitation Committee has been handing over the original property documents since 2018 to the applicants as per **"the original file returning policy"**. Till the end of the year 2021, we had returned **451** files to applicants, who meet the criteria.

Total Flats provided on ownership	910
Files returned till the year 2021	451
Files remaining as on 31.12.2020	459

Due to huge increase in the cost of Flats, we recommend to adopt "Repair a Flat Policy". Through this activity the flat owner can continue to live in his old flat.

SUPPORT FOR PURCHASE OF FLAT

We must work for those who are living on rent. The rental cost is equivalent to one month salary of an unskilled person. If we provide them a small flat they may be removed from Zakat distribution List.

In this year, we had a target to return maximum ownership files, but due to COVID-19, we could not achieve the target. We hope this target will be achieve in 2022 Insha'Allah.

Respected donors, philanthropists, and well-wishers are requested to come forward to assist WMO to provide shelters to deserving families, especially for those to which WMO has committed.

REPORT OF LADIES WING - PAKISTAN CHAPTER

2021

The Ladies wing of WMO Pakistan Chapter is the first Ladies Wing of WMO. The objective of ladies wing is social work and empower female in socio-economic activities.

WMOPC has a large membership with active and devoted females at the community.

During the year, Ladies Wing had database undertaken the following welfare projects and events:-

Hamida Iqbal Bawany
Chairman

Visited Sultan Goth Bin Qasim Town and distributed 250 Blankets and slippers in the winter season to the poor and needy people of the area and Slippers beside Biscuits/ Chocolates, Toffees etc to the kids all the area.

Distributed Blankets and Shawls to the poor and needy ladies of Memon Community at WMO House.

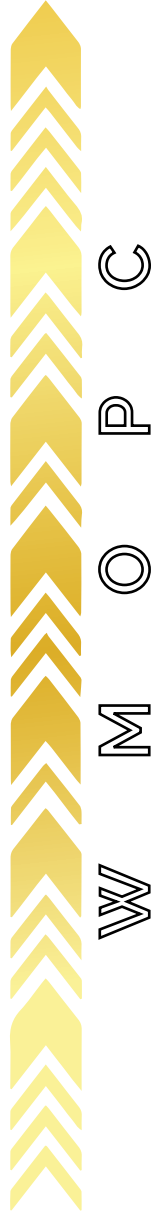

W
M
O
P
C

2000

Organized free Medical and Surgical Camp in Thatta to the benefit the poor and needy residents of the area.

2021

Distributed Ration, for poor and needy families of Memon Community during the holy month of Ramzan.

Besides the above social activities, Ladies Wing also donated funds for distribution of Qurbani Meat for poor and needy families of the Memon Community on the occasion of Eid ul Asha.

2000

REPORT OF WMO FOOD BANK

2021

The World Memon Organization, Pakistan Chapter, which is already engaged in the welfare activities of Lower and Higher Education, Gift of Sight and Special Children Projects, Rehabilitation, Rozgar Scheme, Ramzan Ration and Vocational Training, launched its Food Bank project at Fatima Bai Hall, Karachi on 19th November 2021.

Mr. Salman Iqbal, President, WMO, Mr. Mahmood Shaikhani, Deputy President, WMO, Mr. Jan Mohammad Gandhi, Trustee, Mr. Shoaib Ismail Mangroria, Trustee and the Office Bearers of WMOPC, were present at the Inauguration Ceremony, other honorable guests blessed the project on this occasion.

The objective of Food Bank project is to provide meals to the poor and needy people on daily basis. Three vans have been purchased for this purpose to provide daily meals to 1000 persons.

It's a continuous program and distribution is being done on daily basis.

REPORT OF DISTRIBUTION OF QURBANI MEAT

During 3 days of Eid ul Azha 1442 (2021)

Alhamdulillah,

Since last three years, WMO Pakistan and North America Chapters are working jointly to arrange **fee Sabeelillah**. Collective Qurbani in different cities of Sindh and Baluchistan including Karachi, Hyderabad, Tando Allah Yar, Nawabshah, Sukrand, Sukkur, Thatta, and Hub Chowki.

We received fund through cash and online for Qurbani of cows on behalf of the donors from Pakistan and North America.

Team of USA showed very keen interest to sacrifices cows before morning of 2nd Eid as their morning was the evening in Pakistan. This was a difficult task. But Alhamdulillah, we achieved this target and sacrificed 89 cows before 7:00 pm in Karachi, through a leading automatic slaughter house who is a meat exporter, having an ISO certification and Shariya compliance. Alhamdulillah it was a successful experience, our team also in touch with the President of WMONA and update him time to time.

The process of sacrifices (Qurbani) of cows is remarkably interesting, it started in the evening of Eid day in front of our team. All cows gathered in a yard in batches, at the end of yard, the cows pass through a very narrow passage having width of passing one cow, where all cows stand one after another making a que automatically.

From the narrow passage, one cow at a time enter in a box belong to a holding machine, specially made for holding the sacrificing cows. As the cow entered in the box, the names of the Sacrificing Donors are called here through a list provided by our team. Then the box turns up using hydraulic pressure pump. The neck of cow comes down towards the person, who is ready to (Zibah) cut its neck using sharpened knife with the Takbeer Allah o Akber in one go.

Thereafter. The cow hangs by its legs on conveyors by Hook system. There are few stations in the plant along the conveyors for further process. After the Qurbani of cow, the cow passes through following steps through conveyors:

1. To remove the skin and head of the cow. To remove the big and small intestines, unnecessary organs and fats from the stomach.
2. To cut the cow in four pieces by cleaning the meat with pressurized water.
3. To get the weight of all 4 pieces through computerized scales passing through the conveyors, tagging the names of donors and weight of the meet of the cow.

2021

C

P

O

M

W

2000

4. To shift the cow meet to cold storage at certain temperature to keep the meat fresh for few hours.
5. To cut the meat into small pieces for consumption in the kitchen.
6. To pack it in plastic bags with 2 ~ 2.5 kgs meat in each bag.
7. to keep all bags in a tray of 10 bags capacity
8. To keep the meat trays in freezers again for distribution to clients.
9. to send the meat trays to client's premises through freezer Vans

❖ The last process is at our end, the meat trays were unloaded from the freezer vans and transferred to area wise transport managed to distribute the meat bags to the homes of families, who are unable to eat the meat, even on Eid ul Azha due to their financial status.

2021

In the year 2021, we offered to all Jamaats to collect fund and purchase the cow at their discretion and sacrifice at their place, but due to COVID, Jamaats could not work on this ground in Karachi but many Jamaats collected meat packets from WMO office on second day.

In Karachi, the hygienically packed bags of sacrificial meat were distributed in Gadap Town, Baldia Town, Orangi Town, Gulshan Town and Saddar Town.

We are incredibly grateful to all the donors, well-wishers, and volunteers for their support.

Special thanks to respected Bashir Akuli RP of WMONA and Respected H.M. Shahzad RP-WMOPC, Mr. Altaf Habib Jangda RSG- WMOPC, Mr. Arsalan Nara RT-WMOPC for their tremendous support. We are grateful to the entire team of WMOPC for their dedicated work during two Eid days of Eid.

The success was not possible without the support of our team leaders Mr. Qasim Lawai (representing WMO NA), Mr. Taufiq Ahmed Ghaziani and Asif Qureshi and all other Volunteers.

REPORT OF KARACHI MEMON STUDENT'S ORGANIZATION (KMSO)

Since 2008 WMO is supporting to the Karachi Memon Students' Organization (K.M.S.O.) which is a very old Study Center of the Memon Community located in Bombay Bazar, Old Town, Karachi. Over the decades, the Study Center has served thousands of students to pursue their studies.

Many Students and elders visit this center daily to use its facilities including daily newspaper, books, internet facility etc.

This center is located at a pocket area of Memon community which help them to get educational facilities at the center.

WMO is planning to change it into a state of the Art study center connected to the international educational systems and universities.

In response, the WMO has taken upon itself to help the Study Center financially so that the Center can carry out its activities without any difficulties.

Year 2021 – The Fight Back – Restructuring & Renewal

H. M. Shahzad, Chairman MITI

It is my privilege to present here the various aspects of the performance of the Memon Industrial and Technical Institute in the year 2021.

I will be failing in my duty if I proceed further without remembering at the outset, the one person without whose vision Memon Industrial and Technical Institute (MITI) wouldn't have come into being. That person was none other than, Haji Abdul Razzak Yaqoob Gandhi (ARY) whose vision has benefitted more than 100,000 students to date. We must also remember the support of the then City Nazim, Mr. Mustafa Kamal And all my colleagues in WMO-PC, past and present who have always been supportive of my efforts in making MITI a model vocational training center. But mainly I have been ably supported in my work by the MITI team led by Mr. Shahab Hasan, C.O.O.

Whereas the year 2020 was one of challenges and survival, the year 2021 was one of rehabilitation and fight back. We started this fight back with resolve and determination to get back our lost ground. Our funding partners had also shut down their activities. So we lost two complete batches of our vocational calendar. It was in October 2020 that we finally limped back to normalcy. Needless to say we suffered badly financially also having lost the enrollment of almost 8000 students. However, by the Grace of Allah we were able to enroll almost 8700 students in 2021. The funding partners have restarted their activities and the year 2021 was one of restructuring and renewal for the management as well as for the whole staff. The outlook for the future is good.

These challenges notwithstanding, there has been strict compliance of the WMO principles of charity, welfare and service to humanity. MITI fees are still highly subsidized for all and free for those who cannot afford even that. MITI surpassed the figure of 100,000 skilled graduates since its inception in 2021 and with your help is destined to achieve bigger goals in the future for uplifting of the lives of the less fortunate youth of society. Alhamdulillah, we have been well received by the various funding agencies and once again we started work as training partners

2021

2000

with almost all national and international agencies such as NAVTTC, GIZ, BAT, UNDP, and others. Some contracts were signed in 2021 while others are under finalization. Details are in the following pages.

I must bring to your kind knowledge that although MITI is equipped with the latest technology equipment and highly qualified teachers, but is charging very nominal fees from students including many full scholarships in line with our charter of welfare and charity. This does not even cover our expenses. **I therefore appeal to you all to give your generous donations or zakat to MITI especially for its students and for its development plans.**

May Allah guide us and help us in achieving the high targets which we have set for ourselves.

MITI Management Team

MITI is being run by a core management team who are all working for the upliftment of the Institute and the beneficiaries.

Relationships with Partners

MITI works in close collaboration with our industrial partners who provide jobs and trainings to our students.

Some of the major partners are listed below who have assisted us in the initial setting up of our facilities and helped us technically and financially

Khawaja Gharib Nawaz Trust

The construction of the ladies section was made possible by the financial assistance of Khawaja Gharib Nawaz Trust and ARY

Pak Suzuki Motor Co.

The new Motor Bike workshop was completely developed with all tools, equipment and machines by Pak Suzuki. In addition, trainings were arranged by them for the students of CNG, Auto Mechanic and Motor Bike at their plant.

United Mobile

Relations with United Mobile flourished and they have developed the new bigger workshop for larger number of students.

Ardent elevators

They are active nowadays in the installation of an elevator in the Institute as part of the studies.

Christine Cosmetics

They have provided facilities for a new Beautician Clinic which will be used for conducting short courses in beauty and Cosmetology. They also provide their cosmetics for class room practice also.

Millat Fans.

They have most generously provided their most popular Millat Fans for installation in MITI whenever requested.

Glamorous FACE U.S.A

They have provided provide their cosmetics for class room practice Workshops and short courses in beauty and Cosmetology are conducted.

Central Depository Company (CDC)

As a part of their CSR activities, CDC has placed MITI as a beneficiary To receive donation for its programs.

Pakistan Association of Printing and Graphic Arts Industry (PAPGAI) is our partner association for implementing printing and packaging courses and they provide on the job training and employment facilities to our students. MITI and PAPGAI also established a state-of-the-art printing and packaging institute.

The Future Miti

MITI prides itself in becoming a premier institution for vocational training in the country and the management and staff of MITI are committed in its continued growth to help the destitute people of society for upward mobility.

We are humbled by the achievements and are grateful to Allah SWT for guiding us in the right direction and giving success in our ventures.

2021

Expansion and Renovation of Facilities

By the grace of Allah, MITI has completed 9 years of operation. In these 9 years, we have served more than 96250 students. The graduating students have been well received by the industry locally as well as internationally which is due to hard work and commitment of the management and our faculty team. To achieve these objectives, our workshops and other facilities were purpose built to satisfy the training needs of the time. To keep up with the time and The time has now come when we are faced with the reality of the following:

1. Addition of new equipment:

Many of the equipment and facilities have become old while new ones have not been added. The present facilities are falling behind the requirements and advancements in industry. Computer hardware is another big area which requires up gradation. Our computers are no longer compatible with the software that are now available and have become standards of the industry and which we are teaching. So far, we have been coping with these requirements by local up gradations but this has a limit. This includes all the computers in our classes as well as the servers in the I.T. room.

2. New Courses:

To remain competitive, it is necessary to keep pace with the needs of the students and employers and introduce new courses from time to time. We have not introduced any new course in the last 2 years. We badly need to begin the following courses which are demands of the industry:

- Industrial Electronics
- Instrumentation
- Fashion Marketing & Merchandizing
- Auto body Refinishing
- Alternate Energy

3. Expansion of Facilities:

Besides the academic needs, there are needs of building and facilities.

Our power bill is very high. The only solution is to go solar. This solution is most economical in the long run but initial investment is high. We require USD 100,000 for this project.

The fiber glass roof is leaking badly and needs to be replaced. We also need a fully functional and well equipped Auditorium.

Your valuable contribution in this cause is the dire need of MITI which can rightly be called the flagship project of the World Memon Organization.

REPORT OF EMPOWERING THROUGH INCLUSION PROJECT

WMO strongly believes that if enough love, care, therapy, training, and tenderness are extended to children with special needs, it will enable them to grow up as normal adults with the dignity and respect they deserve in a World that once thought they were different.

2021

The Empowering Through Inclusion Project is running since 2019 with the collaboration between WMO Pakistan Chapter and WMO North America Chapter. It supports more than 200 special need children of different age levels. No doubt, we may change the socio-economic condition of many children suffering from their disabilities.

Since day one, we are providing the following services:

1. Consultancies, Audiology, Cardiology, Neurology, etc.
2. Lab Tests included MRI, CT, BERA, etc
3. Medication
4. Tools and devices, including wheelchairs, hearing aids, knee mobilizers, etc.
5. Occupational and Physiotherapy at home.
6. Speech, behavior, and other therapies from the various center.
7. Caretakers (Parents) Rehabilitation program
8. Ramadan Ration and Qurbani Meat
9. Eid Gifts, comforts, Blankets, ladies' suits, etc.

Our observations in the light of experiences are as under:

1. How to identify:

- a. Awareness is the basic key. If parents are aware of the problem, the matter is controllable.
- b. Schools are very important to identify the special needs. If schools identify at an early stage, the lives of children may be converted from special to normal in many cases.
- c. Newborn baby screening is necessary, it results in the betterment and reduces the burden of special need children and parents by up to 40%.
- d. It's clear that we can improve the lives of special need children if parents are aware and bring the child to a specialist at an early stage.
- e. It also needed to be aware the doctors to refer any abnormal cases to the specialists.

2. How to improve:

- a. The special children under 8 years are more controllable than the elders. If age is less, the result may be better.
- b. Some need tools and devices to better their lives, like wheelchairs, hearing aids, and other required tools. If we provide the required equipment, they can move from special to the mainstream.
- c. Some declared special children are not special needs, they have some muscles problem that can be solved by medication and physiotherapy.
3. Our target should be to improve their life skills or at least stay at the current level.
4. Government should implement the rules passed by Cabinet.

WMO PAKISTAN CHAPTER-THE FUTURE

2021

The Office Bearers and Chairpersons of various Committees at WMO Pakistan Chapter are constantly striving to serve humanity in the most befitting manner. Every now and then, a performance review is made to ensure that regular improvements are made to keep up with the changing times.

The Chapter also strives to join hands with other like-minded organizations so that time, resources and man-power can be pooled to reach out to a greater number of people and to achieve much bigger targets. For this, the WMO Pakistan Chapter is encouraged and supported by other Chapters of WMO as well as numerous other like-minded organizations, such as Educational Institutions, Special Children Institutes, Healthcare Institutions, Jamats, Associations and the Corporate Sector.

Future plans include Distribution of Motorcycles to deserving Applicants who wish to earn a decent living by working as Riders in On Demand Ride Hailing and Home Delivery Companies. Many Companies are working to provide services by motorcycle.

Youth are our main focus. We desire to provide them Motorcycles on Markup free installment basis, and this action will change their lives. They can move easily which can facilitate them for Job seeking as well for family.

The WMO Pakistan Chapter has partnered with WMO North America Chapter for the special children and Bridal Dress Distribution Scheme.

We plan to provide 200 wheel chairs and 50 hearing Aids to deserving Memon and Non Memons. The Education for All Scheme has been reviewed and need some important changes. As our slogan is Education for All so we have target to enroll all Memons in schools in Year 2022.

Regarding the Empowering through Inclusion (Special Children) Project, it is planned to detect more special children and consequently increase the number of children for treatment and therapies. This project is changing the lives of many children us.

May Almighty Allah guide us all to serve humanity in the best possible manner. Ameen.

2000

THANKS & ACKNOWLEDGEMENT

First of all, we are grateful to Almighty Allah for giving us the strength and guidance.

We are grateful to the Office Bearers of WMO namely Mr. Salman Iqbal (President), Mr. Mahmood Shaikhani (Deputy President), Mr. Bashir Sattar (Secretary General), Mr. Zubair Chasmawala (Deputy Secretary General), Mr. M. Suhail Yacoob Khandwani (Treasurer), Mr. Waseem Yoosuf Adil (Deputy Treasurer) and Mr. Khurram Kalia (Chairman, Global Youth Wing). We are thankful to the Office Bearers of the Board of Trustees namely Mr. Ashraf Sattar Sayani (Chairman), Haji Ismail Abdul Karim Gadit (Deputy Chairman), Mr. Shoaib Ismail Mangroria (Secretary) and Dr. Shiraz Suleman (Assistant Secretary). We are grateful to Mr. Imran Farooq (GM, WMO) and Mr. Anas Mowsook (CFO, WMO).

We are also grateful to the WMO Middle East Chapter, the WMO Far East Chapter and the WMO North America Chapter for extending their fullest support for various schemes at WMOPC.

We are thankful to all at WMO Pakistan Chapter namely the Members of the Regional Management Committee (RMC), the Chairpersons of various Committees along with their team members and volunteers, the WMOPC Ladies Wing and the Global Youth Wing at Pakistan Chapter. We are particularly grateful to the Office Staff for serving as the backbone of our Chapter.

Last but not the least, we offer our special thanks to all Members of WMOPC, the Donors & Well-wishers, the ARY Family, Apex Bodies & Partner Jamats and Sponsors & Advertisers for their continuous encouragement and support to WMOPC.

May Almighty Allah reward you all abundantly. Aameen.
