

WMO AFRICA CHAPTER ANNUAL REPORT 2022

www.wmoworld.org

1. WMO AFRICA CHAPTER ANNUAL GENERAL MEETING

Pre-AGM, the WMO Africa Chapter RMC members, hosted Dr. Shiraz Suleman [guest speaker] and his better half Ayesha for lunch at the popular Istanbul Kebab restaurant located at the Marble Arch in Johannesburg with sparkling conversations, delectable food and warm camaraderie.

19TH AGM 2022

The 19th WMO Africa Chapter AGM hosted at the Al Ghazali College in Erasmia was a well-attended affair. The crème de la crème of the South African business and philanthropic community congregated at the event. It was the perfect amalgamation of age, wisdom, youth and exuberance as the ladies, the gentlemen and the youngsters from across the rainbow nation came together to spend a memorable afternoon in Pretoria. There were many moments that stood out - the prolific youth presentation, the acknowledgement of Mr. Cassim Malani for his tireless humanitarian endeavours and the articulate oration by the guest of honor - Dr. Shiraz Suleman. Exceptional humanitarian work, innovative youth programs, warm camaraderie and the gracious hospitality made the Africa Chapter AGM an unequivocal triumph.

2. RAMADAN, EIDUL FITR & EIDUL ADHA 2022 THE PRE-RAMADAN FEEDING PROGRAM, A COLLABORATION BETWEEN WMO AFRICA CHAPTER AND CAPE TOWN MEMON ASSOCIATION EXPANDED TO MANY IMPOVERISHED AREAS OF THE WESTERN CAPE PROVINCE.

2.1. On the **20th of March 2022**, the pre-Ramadan feeding program distributed 800 food packs to the underprivileged in Wellington.

2.2. On the **26th of March 2022**, the pre-Ramadan feeding program continued in several impoverished areas of the Western Cape Province. Invisible Hands, a charity on the frontlines of feeding Capetown's most vulnerable, came on board to prepare a nutritious noodle broth. Each meal ended up costing just 2 Rands and more than 5000 deprived individuals, mostly malnourished children were fed for a mere R10,000.

2.3. On the **27th of March 2022**, Doors of Jannah partnered on the community outreach program as akhni, a traditional Memoni delicacy of rice and meat, cooked at the Worcester masjid was distributed to the marginalised.

2.4. On the **29th of March 2022**, Invisible Hands, a charity on the frontlines of feeding Capetown's most vulnerable, came on board to prepare a nutritious noodle broth. A single cauldron feeds 400 and several cauldrons were transported to areas in Cape Town where people gathered in large numbers in anticipation of their next meal.

2.5.WMO IN PARTNERSHIP WITH "WE FEED THEM BY THE WILL OF ALLAH" & "SOUTHERN AFRICA ISLAMIC ORGANIZATION" DISTRIBUTED PRE-RAMADAN 2023 FOOD HAMPERS.

(120 hampers @R200 each & 150 hampers @R100 each). Areas: included residents of Itereleng & Soshunguve Extension 14. Hundreds of recipients gathered to collect food parcels Alhumdulillah.

2.6. ON SATURDAY 16 APRIL 2022, WMO TRUSTEE, SAYED MIA AND WMO AFRICA CHAPTER ASG, DR HAROON GUTTA, ATTENDED THE MASS IFTAAR PROGRAMME AT THE LENASIA CRICKET STADIUM.

WMO Africa and a few other organizations supported this event and contributed financially towards the expenses hosting close to 400 attendees. Even though it was an icy cold day, the people braved the rainy weather and united in celebrations, young and old partaking in delicious hot meals, savouries, fruit and much more donated by our donors.

The Prophet (SAW) said, "If a person gives iftaar to a fasting person in this month, his sins will be forgiven."

May Allah SWT accept EVERY contribution made by one and all, keep us steadfast in this blessed month of Ramadan and continue to use us for His Deen so that we may always be a benefit to Mankind AAMEEN

2.8. WMO AFRICA CHAPTER IN COLLABORATION WITH “MEALS ON WHEELS” AL IHYAA FOUNDATION HOSTED A MASS IFTAAR.

2.9. OUR WMO YOUTH WING RAMADAN INITIATIVE

Yasmin Gani took it upon herself to distribute 80 grocery hampers to deserving Muslimahs from the Lenasia community. The distribution took place at the Nurul Islam Masjid. 20 additional hampers were distributed to the elderly at the Horseshoe Old Age Home in Johannesburg.

2.10. ANNUAL WMO RAMADAN PROJECTS

For many years, WMO Africa Chapter’s RMC members, Mr Moosa Carrim & Dr Haroon Gutta has been personally overseeing the needs of the Klipspruit Community and have been liaising regularly with Appa Latiefa to meet the needs of the people residing on this plot. The residents range from very elderly to many children who are in need of much support throughout the year.

Besides the requirements provided as per request throughout the year, we host an annual feeding and grocery distribution every year before the commencement of Ramadan.

2.11. Annual hosting of Iftaar programmes and feedings in collaboration with our sister organization, Purposeful Giving.

2.12. Annual grocery hamper distribution in the Newclare-Westbury areas in collaboration with Hadjie Lutfie.

A TOTAL OF R1 268 405,53 SPENT DURING THE MONTH OF RAMADAN

WMO FOOD BANK

The WMO Food Bank project has been on the frontlines, delivering food and relief aid nationally. Mr Cassim Malani has become the face of the initiative who delivers the precious cargo in his trusted food van, displaying the WMO Food Bank logo, alongside Jama'atun Nisaa and Natal Memon Jamaat. Our selfless RMC member, Mr. Yusuf Kamdar has been one of the biggest donors towards the cause, Mr Mahomed Gany, President of Natal Memon Jamaat (NMJ) has led from the front and Mrs Fazila AK Ismail and her team of dedicated ladies from the Jama'atun Nisaa, all of whom have been the driving forces behind the success of the WMO Food Bank project consistently feeding the needy in the Kwazulu Natal region.

Meanwhile, our very own Regional President, Mr Feizul Ayob and RMC Members; Mr Moosa Carim and Dr Haroon Gutta continues to coordinate and ensure that regular feedings are facilitated in very needy communities in the Gauteng region. In addition to this, Mr Moosa Carrim ensures that 300 prisoners are fed on a monthly basis under the banner of WMO Foodbank Project.

We would like to thank the members for their sterling work and dedication, our sponsors for their generous and consistent support and our sister organizations, such as Jama' Atun Nisaa, NMJ, We Feed by the Will of Allah, Lajpaal Foundation and Al Falaah Projects who ensure that the feedings are conducted with much care, love and always keeping the dignity of our recipients in consideration Alhumdulillah. What better way of serving Humanity than by eradicating hunger, with meals being provided to our fellow human beings of all colour, race, religion and creed in this month of infinite blessings and mercy.

Mr. Yusuf Kamdar quoted: "A morsel of food for the stomach of a hungry person is better than building a thousand Masaajid and better than covering the Ka'aba with expensive cloth and better than he who stood in prayer and prostration and better than he who fights in Jihad with an unsheathed sword and better than he who fasts the whole year in continuous heat because when the flour or meal descends into the stomach of the hungry, it emits a Noor or divine light that rivals the Sun."

DONATION

Narrated by Abu Burda From his father from his grandfather that the Prophet (pbuh) said, “Every Muslim has to give in charity.” The people asked, “O Allah’s Prophet! If someone has nothing to give, what will he do?” He said, “He should work with his hands and benefit himself and also give in charity (from what he earns).” The people further asked, “If he cannot find even that?” He replied, “He should help the needy who appeal for help.” Then the people asked, “If he cannot do that?” He replied, “Then he should perform good deeds and keep away from evil deeds and this will be regarded as charitable deeds.”

Prophet Muhammad SAW reportedly said: "the best household among the Muslims is the Household wherein an orphan is treated well. And the worst household among the Muslims is the Household wherein an orphan is ill-treated."

5. WMO AFRICA CHAPTER & JAMA'ATUN NISAA WHEELCHAIR CAMPAIGN

5.1. The common thread that binds the Memons of South Africa is their love for Humanity. Their philanthropic endeavors transcend race, colour, community, religion and creed. They serve all Mankind. The other anatomical difference is the size of their hearts.

On his daily routine, Mr. Moosa Carrim would encounter a shabby, young man clambering across the streets of Johannesburg, begging for alms. Greeting him on a daily basis and worried that the youngster, suffering from a physical disability would eventually be run over by-passing vehicles, he requested Mr. Yusuf Kamdar to provide assistance. A spanking new wheelchair was delivered the next day. It was a small gesture but ample proof of the big hearts, these compassionate men are blessed with.

5.2. Wheelchair donated by WMO Ladies Wing & Jama'Atun Nisaa to a child crippled from the waist down

6. AWARDS

6.1. BLINDSA is an organization that empowers the blind and assist them in finding meaningful careers within society with the hopes of breaking down barriers and improving the recipient's quality of life. WMO Africa Chapter saw this as a valuable service to support and invest in over the past 15 years and braille machines and funding has been directed to BLIND SA in support of their endeavors. WMO Africa Chapter is humbled to have been acknowledged and recognized by BLIND SA, awarded on the 26th October 2021 at the Protea Hotel and we hope to continue this partnership in the future Inshaa Allah

6.2. Narandran 'Jody' Kollapen, a judge of Indian origin, has been appointed to South Africa's highest judicial bench, the Constitutional Court. Justice Jody Kollapen has had an illustrious legal career spanning over four decades. The famous resident of Laudium was felicitated by the local community on 4th March 2022 at a glittering ceremony at the Laudium Seva Samaaj Auditorium. WMO Africa Chapter honoured Justice Kollapen with a congratulatory plaque presented by Mr. Feizul Ayob Regional President of the Chapter. We take great pride in Judge Jody Kollapen, a man of integrity, ethics and morals, a champion of human rights and a crusader for justice.

7. WMO AFRICA CHAPTER WELFARE COMMITTEE

A Welfare Committee has officially been elected headed by Mr Moosa Carrim. Monthly meetings are held at Moosa Carrim's Office to assess existing cases and new applications. WMO Africa Chapter has requested a Moulaana to conduct personal home visits to assess each case and submit a detailed report to the Committee. The Moulaana is compensated for his time and services. Strict criteria have been put in place to ensure that all cases are legitimate and genuine. This process has been working well and we hope to continue the service for those families who are in need.

8. WMO AFRICA YOUTH WING REPORT BY SADAF VAHED

Since July 2022, the WMO Africa Youth Wing has been rekindled under the leadership of GYW Chairperson Khurram Kalia. In May 2022, Sadaf Vahedna was appointed as interim head of WMO Africa Youth Wing with the primary objective and mandate to help the African Chapter of the WMO attract more youth to join and participate in activities under the Global

Youth Wing of WMO. Historically, the Youth Wing in Africa has been small in size with limited activities and involvement from local youth in the community. Potential youth members in the community were

phoned individually by Sadaf Vahedna over the course of June 2022 to tell them about the WMOs activities

and global youth initiatives and invite them to join as active members. Youth were also invited to attend the annual Africa AGM in July 2022 to hear about all of the Global Youth Wing's Initiatives and to consider participation. These activities led to over 100 youth being added to the WMO Africa Chapter's network in under 3 months.

8.1. KEY PILLARS OF GYW AND THE STRUCTURE OF THE AFRICAN YOUTH WING

In August 2022, Sadaf Vahedna was officially appointed as the Regional Vice Chair of GYW Africa (RYVC) In order to get the youth in Africa engaged and involved, regular meetings have been held over Zoom since July 2022, where all youth are welcome to attend, hear about the work being done in the Youth Wing and contribute. The structure and strategy of the African Youth Wing has been envisioned and implemented by RYVC, Sadaf Vahedna with the blessing of the GYW Chairperson.

8.2. PHILOSOPHY AND CORE BELIEFS BEHIND THE WMO'S AFRICAN YOUTH WING

All activities conducted by the African Youth Wing must be done with long term outcomes in mind. This approach re-enforces long term accountability in the mindsets of the youth. Furthermore, as the youth of the community, it is fitting for youth to take up projects with positive long-term outcomes, especially as we live in a world of instant gratification. With this philosophy at the core of the African Youth Wing, different teams were set up with divided roles and responsibilities.

In order to streamline the Youth Wing's activities, an organisation structure was created and put in place. This structure was based on the key pillars and the purpose defined by the Global Youth Wing Strategy.

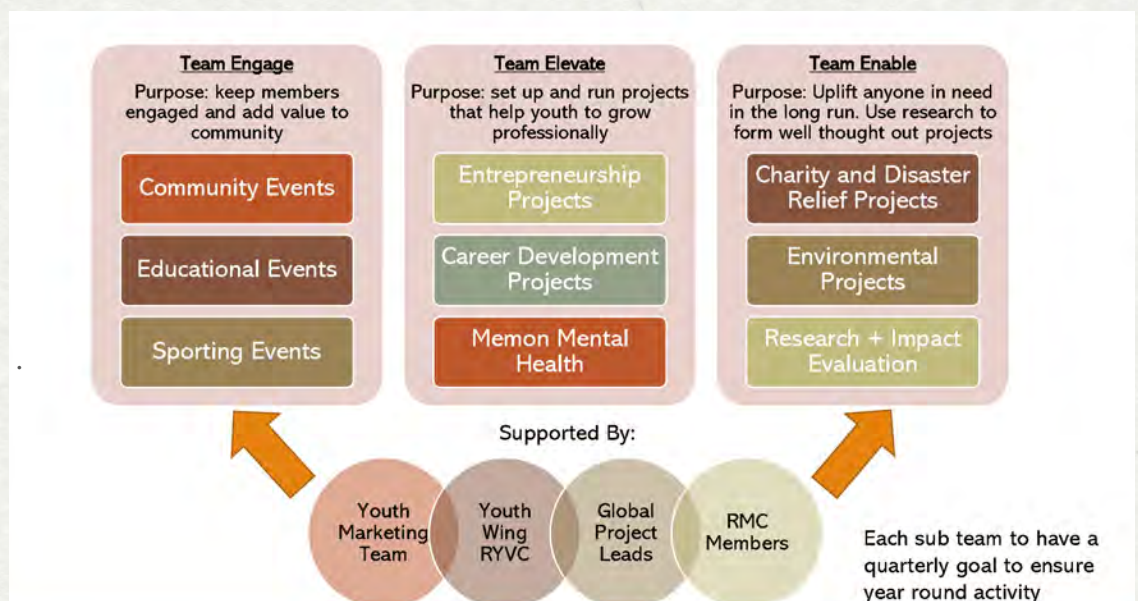

The key pillars of the Global Youth Wing and their purpose are found below:

8.3. TEAM FORMATION

After hosting a virtual Zoom meeting which was open to all Memon youth to attend, the structure of the youth wing was explained along with potential projects and tasks that each team would be responsible for. The teams were grouped in order not to overburden any youth volunteers, many of which had indicated time constraints. It was also noted that different youth had different interests and splitting up the groups as such would allow youth to focus on their areas of passion. Based on feedback from youth, youth were placed into groups. Each team was tasked with completing a project every quarter. This approach allows for each team to work at their own pace while ensuring that general youth members are engaged consistently.

As of today, the youth volunteer teams comprise of the following members:

The WMO Africa Youth Wing organised track suits, blankets, pillows and goodies as Eid Gifts for orphans studying in the Maraaiburg Orphanage in Johannesburg. This project was led and executed by youth volunteer Yasmin Gani.

EID ESSENTIALS TO AN ORPHANAGE

8.5. WEBINAR SERIES – MAKING CRYPTO LESS CRYPTIC

In August 2022, Team Engage, led by Sadaf Vahedna organised a webinar series for WMO youth all around the world. The purpose of the event was to educate WMO youth members about the basics of cryptographic technology, how it works and why it is important for the youth to understand the use cases of this powerful technology. The two-part series had the following attendance from around the world:

- **Part 1: 128 unique active views**
- **Part 2: 104 unique active views**

This event gave WMO African Youth exposure to the other chapters in the world. Had many non-members attend the event allowing us to showcase the WMO Youth Wing’s activities. We were also able to build a database through registrations for the event. 238 people registered to attend with many people asking to the recordings of the video to be shared post the event. The recordings are part of the WMO Youtube Channel and will allow the WMO to continue getting exposure online.

8.6.WMO2- TREE PLANTATION PROJECT

WMO Global Youth Wing issued a mandate to plant three million trees across the world. In South Africa, we have decided to plant trees at community sites (such as schools, clinics and community gardens) in underprivileged areas. This project is being executed by Team Enable, under the leadership of Mohamed Moti. Our hope is that these trees will directly benefit those communities and community members in addition to the benefits tree planting has on the broader environment.

AFRICA

NARRATED ANAS BIN MALIK:

Allah's Messenger (ﷺ) said, "There is none amongst the Muslims who plants a tree or sows seeds, and then a bird, or a person or an animal eats from it, but it is regarded as a charitable gift for him."

-Sahih al-Bukhari 2320

PLANTING HAS BEGUN AT 5 SCHOOLS
IN SOUTH AFRICA

We have partnered with organisations that have the expertise to do the tree planting as well as assist with ongoing monitoring and evaluation. Our focus on monitoring and evaluation is a hallmark of our project, as we are not merely hoping to put trees in the ground, but rather, we are hoping to grow trees – thereby ensuring the full benefit of this initiative is realized. Our partnerships as well as the specific planting parameters are in place to give the trees the best chance of survival.

Thus far, we have planted trees with two organisations: The Precious Tree Project (PTP) based in the Western Cape and the Khuthaza Foundation (KF) based in Gauteng. Each site's particular needs are assessed before planting takes place. Part of the assessment is the number of trees to be planted and the particular mix of indigenous and fruit trees. Fruit trees are more expensive than indigenous trees. Our pricing estimation of R250/tree applies only to indigenous trees.

**TOTAL OF 293 TREES, TOTAL COST OF
R87 868.75 AVERAGE COST PER TREE R299.89**

The project was launched on the 16th of September 2022, our first planting took place less than a month later on the 13th of October 2022.

PLANTINGS AS FOLLOWS:

DATE	SITE	ORGANISATION	TREES PLANTED
13 th Oct 2022	Mzoxolo Primary School	PTP	31
19 th Oct 2022	Mzoxolo Creche Gr R	PTP	32
27 th Oct 2022	Delville Park Primary School	PTP	33
5 th Nov 2022	Hope Springs Center	KF	30
23 rd Nov 2022	Touwsranted Primary	PTP	33
15 th Feb 2023	Thembifundo Primary School	RG	35
23 rd Feb 2023	Conville Primary School	PTP	33
3 rd March 2023	Parkdene Primary School	PTP	33
9 th March 2023	Rondevlei Primary School	PTP	33

The tree planting activity conducted by the Precious Tree Project (PTP) involves the following two components:

- 1) A 15-minute discussion regarding the general benefits of trees, fruit trees and the importance of fruit in a healthy diet.
- 2) Group tree planting – the students are placed in groups according to their grade and have the opportunity to work together to plant trees in preselected locations on the school grounds.

The learners will be participating in a “care and maintenance” regime, whereby each class will be responsible for looking after the tree they have planted and an outdoor class activity will revolve around the growth, care and development of their trees.

Please Note: the learners will not be solely responsible for the tree’s survival, the “care and maintenance” activity is more for the student’s ongoing educational benefit as part of the Natural Sciences curriculum, there are grounds men responsible for the upkeep of the trees. Our planting slowed down towards the end of the year as students were involved with their end of year exams and then schools were closed for the December holidays.

To date we have received a total of R235 950.00 for this project.

We are intending to continue our planting with the Precious Tree Project (PTP) in the Western Cape and to begin collaborating with Reel Gardening (RG) in Gauteng. Our collaboration in Gauteng will see beneficiary schools receiving: 35 fruit trees donated by the WMO as part of the WMO2 project, a school library and vegetable gardens donated by Hyundai – planting and maintenance of the vegetable gardens and fruit trees to be done by Reel Gardening.

8.7. YOUTH WING COFFEE MORNING – EFFECTIVE CHARITY DISCUSSION

The WMO Youth Wing & Members of the Africa Chapter hosted a Coffee Morning event on the 10th December 2022. We were inspired by a very engaging presentation on How to do Charity Effectively by Mathew Truscott - a professional who heads humanitarian policy for one of the largest non-profits in the world. The group was buzzing with interactive discussion regarding effective charity and how we, as donors and volunteers could play a role in improving inequality systemically in society. Participants were each given cookies with a hidden question inside- encouraging them to ponder and share their thoughts with the group.

The event was spearheaded by the GYW Vice Chairperson of Africa Chapter - Mrs Sadaf Vahedna and well executed, resulting in a productive feedback session and inspiration for the way forward. In addition to a meaningful discussion- youth members were able to connect and network in person after months of working as remote team, executing projects in South Africa.

We look forward to similar social events in the future allowing us to brainstorm future projects and actively take the GYW Africa Chapter to the next level Inshaa Allah

8.8. FUTURE FOCUS

Going forward, the WMO Youth Win in Africa would like to make an effort to do more charity projects while evaluating our long-term impact of the charity work that we do. This work would require us to partner with research institutions and universities locally which we are in the process of building. Apart from this a key area of focus will also be to bring together the youth in the community and get the youth to collaborate on projects and engage in meaningful discussion.

9.6. KZN FLOOD RELIEF BY WMO AFRICA CHAPTER IN COLLABORATION WITH NATAL MEMON JAMAAT AND JAMA'ATUN NISAA

KZN was hit with the worst floods ever seen with no weather warning and a devastating aftermath as never witnessed before. Most households and businesses were unprepared as the water leaked into their homes, stores and warehouses, causing it to either be completely flooded and many washed away completely.

The floods first struck KZN during the late hours of the night and a desperate plea by rescue teams for power boats were sent out. The members of Natal Memon Jamaat, came in like brave soldiers, rolled up their sleeves and physically assisted, trying to do everything in their capacity to be on the ground and delivering the much-needed aid on the most dangerous and treacherous roads. The NMJ Team was led by Mohammed Gany and AK Jooma [Kim] together with Farhad Habib Arbee, Ashraf Osman, Imraan Jooma, AC Cassim, Mohamed Osman, all the NMJ members and volunteers, assisted by Cassim Malani.

WE COMMEND THE NMJ TEAM for putting their lives at risk to ensure that those affected were safe and taken care of. Homes and businesses of these very members who were volunteering were also affected, with part of the NMJ and Jama' Atun Nisaa facilities and offices being totally flooded, however priority was to see to the needs of the less fortunate as their hearts cried out at the sights of devastation.

CONTINUATION OF KZN FLOOD RELIEF

Member of NMJ and Jama' Atun Nisaa were personally affected by this flood, but it being their hometown, they went over and above to assist those more severely impacted. Comradeship was seen at its best, when communities stood together, shoulder to shoulder volunteering aid. United they stood and no words can ever describe the tireless efforts of all involved. Day and night execution of deliveries, distributions and interaction with those who were impacted and severely affected by the floods. Lives and possessions were lost in a blink of an eye, and the community were despondent as not long ago, KZN went through the ordeal of the riots and were still trying to recover.

A special thank you to the WMO Africa Regional President, Feizul Ayob who was on call throughout the ordeal together with Moosa Carrim, Sayed Mia and Haroon Gutta. Their regular communications with the members of KZN led to an immediate response to raise funds in collaboration with NMJ. Mattresses, blankets, pillows, gas stoves, groceries and other hygiene and essential items were loaded onto huge trucks provided by the NMJ Islamic Centre and transported to the affected areas for distributions.

Cries of prayers in mosques and homes were witnessed by little children bewildered with what was happening around them. All praises is due to Allah SWT who heard their prayers and assisted the people of KZN with aid coming in from all over the country and. Many assisted in the coordination of distribution and the teams of Tiny Steps and Focus Air played an important role. Distribution of much needed bottled waters sponsored by WMO, NMJ & Jama' Atun Nisaa was coordinated by Human Aid. Fazila AK Ismail, Shireen Arbee and Halima Abdulla coordinated the deliveries to the various distribution sites and were the liaisons with all the volunteers on ground.

10. PAKISTANI HOUSING PROJECT – RELIEF AID

WMO Africa Chapter is truly appreciative of the resilience of Mr Feizul Ayob, our Regional Vice President, who motivated this project together with Mr Yusuf Kamdar, Mr AK Ismail & Mrs Fazila AK Ismail. With the hands-on team of Natal Memon Jamaat who personally visited Pakistan for this initiative.

Fazila & AK Ismail represented the Africa Chapter in Karachi to receive the dynamic NMJ team and introduced them to the workings of one of the most dedicated teams of WMO, the WMO Pakistan Chapter, led by their passionate Regional Vice President; Mr H.M. Shahzad, Regional Secretary, Mr Altaf Habib Jangda and Mr Shoaib Ismail, the WMO Secretary of Board of Trustee.

10.1. PAKISTANI HOUSING PROJECT RELIEF AID

The Delegations of WMO, Natal Memon Jamaat and Pakistan Navy visited the rehabilitation site in Uthal, Baluchistan. A ground-breaking project, where the foundation and stone laying of the first batch of 100 houses took place in the flood effected area. Furthermore, ration bags and water coolers [sponsored by the WMO Africa Ladies Win collaboration with Jama' Atun NIsaa] were distributed among 500 families to assist them in their survival mode and ensure that the flood affected families had access to clean drinking water.

These displaced families were subjected to an unimaginable loss and it was necessary for us to urgently respond to providing the basic needs of the people. A mere roof over their heads and offering them an opportunity to rebuild their lives were sincerely appreciated and we make dua that Allah SWT facilitate ease during these trying times AAMEEN.

NMJ can be truly proud of their representatives that went to Pakistan on this forever to be remembered trip to initiate a legacy of South Africans participation in the Flood Relief Pakistan Housing Project.

The visit to Pakistan Delegation was headed by NMJ VP; AK Jooma together with Ishaq Essack [Treasurer], Farhad Arbee [Head of Welfare] and Mohammed Osman [Secretary, accompanied by WMO Africa Chapter RMC Member; AK Ismail and WMO Trustee, Fazila AK Ismail.

A survey trip was conducted by Fazila AK Ismail, coordinated by Amina Gani from the WMO Pakistan Chapter Ladies Wing accompanied by Abida Dada and Bilquis Tabani and their team of volunteers

12. MESSAGE FROM FEIZUL AYOB [REGIONAL PRESIDENT] & DR HAROON GUTTA [ASSISTANT SECRETARY GENERAL]

We would like to take a moment to acknowledge the Office Bearers, who keep the wheels turning in the Chapter, the RMC [ie; Trustees, Patrons and Committee Members] for their support and guidance, our dedicated staff members, the newly formed Youth Wing whom we are hoping will take the WMO Africa Chapter to new heights Inshaa Allah.

And last but not least to our membership and donors, who are consistent in their support and believe in the work of WMO and the purpose of its existence. It is with your generosity and sincerity, that we are able to provide the services and assistance needed by the underprivileged and those less fortunate.

It has been a very sad year with the loss of a friend and brother, Mr Sayed Mia (Trustee), but rest assured his legacy will continue within WMO for many years to come Inshaa Allah. With this said, we are proud of the achievements and the contributions we were able to make in 2022 especially during the many Relief Projects where our organization and members rose to the occasion and displayed selflessness, a form of generosity, seeking no personal gain except that of uplifting mankind. ALHUMDULILLAH

Our Chapter remains committed to work within the Constitution of WMO and that is to serve the communities we live in and humanity at large.

Jazaakallah

FEIZUL AYOB [REGIONAL VICE PRESIDENT] & DR HAROON GUTTA [ASSISTANT SECRETARY GENERAL]

إِنَّا لِلَّهِ وَإِنَّا إِلَيْهِ رَاجِعُونَ

*We conclude this report in the loving memory of our beloved
Colleague and friend, Sayed Mia [Trustee].*

*A visionary who selflessly served Humanity and his memories
with us will remain etched in our hearts and souls. His
presence at our meetings will be sorely missed an we will strive
to carry forward his legacy of touching and changing lives
across the globe. May Allah SWT rest the departed soul in
eternal peace, forgive his shortcomings, have mercy on him
and grant him the highest place in Jannatul Firdous.*

Aameen!
